Skills

Have a knowledge of some languages C, C++, Data structure and algorithm, Java, knowledge of python , Ms Word,Ms Excel , Html,CSS,Javascript.

Projects

- **Atm transaction**

I had done a mini project by myself and in this project I was done atm transaction. In this

I had written one secret pin. If I enter the wrong pin then it will generate an error message .And in this you can see your balance ,withdraw,deposit cash and also you can exit.

- **Snake water and gun**

  This mini project is also done by me using python .In this game there are two turn first turn is played by computer and second turn is played by a user.

- **Send message using python**

  In this i used the smtplib function to send a message in mail using python.In this first you have to allow a less secure app to send mail .

- **News app**

I used the news api to get the news. In this You can listen to the news using the python code.
